

Illegal Activity Policy:

Saskatoon Techworks, Inc. does not condone any illegal activity. However, our board members are not police, and thus do not have the authority to enforce the law. This policy outlines the acceptable actions that an individual board member may pursue on behalf of Saskatoon Techworks Inc. without prior decision of the board when illegal activity is witnessed or reported. While non-members may be asked to leave for any reason, our bylaws grant members the right to use the space.

Acceptable Actions

- Board members may remind members that illegal activities are not permitted in Saskatoon Techworks.
- If a Board Member feels it is necessary, they may contact the police for further guidance.
- Any further actions, if necessary, will defer to the bylaws of Saskatoon Techworks, Inc.
- Board members, as members, may still take any actions allowed to all members as long as they do so on their own behalf and not on behalf of Saskatoon Techworks, Inc.
